

CAMBRIDGE & DISTRICT CAB

RECRUITING CAB VOLUNTEERS

FORM FILLERS

Not as boring as it sounds!

CAB is trying to create a 'pool' of form fillers who will work to an appointment system.

Primarily they will work with clients on applications for things like Disability Living Allowance (DLA), Attendance Allowance (AA), Income Support (IS), Housing and Council Tax Benefits, the new Employment Support Allowance. This list is not exhaustive and it is possible that we may extend it depending on client demand.

Training will consist of 2 half days followed by observed/supported client interviews until we/you feel confident to go solo. (All clients will have been pre-assessed before they get to the form filling appointment.)

In return you may like to know that lots of people who have volunteered at CAB find that the skills and experience gained help them into paid employment. Most employers recognise that volunteering at CAB gives valuable work place experience.
